MAIN PARTS OF THE BABY CARRIER

FUNCTIONS

IMPORTANT! THE BABY'S POSITION ACCORDING TO ADULT'S BODY MAY BE ACHIEVED BY ADJUSTING BELTS' LENGTH.

RECCOMENDATION: Before using the baby carrier, we recommend you to try a few times to put the baby in it and to adjust the belts.

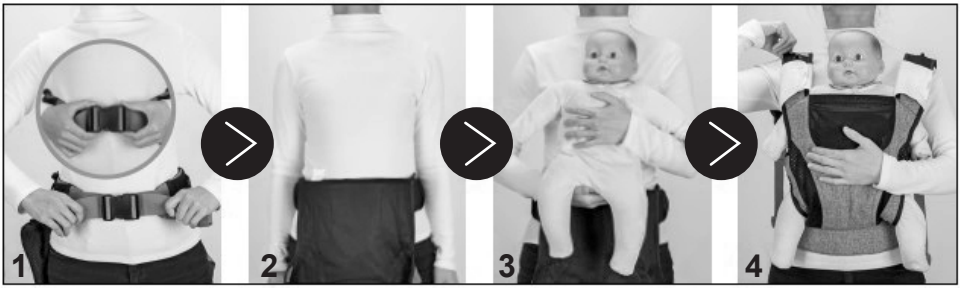

1. PLACING THE CHILD IN THE CARRIER IN FACING IN POSITION

1-2 – Turn the carrier to the front of your body.
1-3 – Gently put the baby in the carrier face to face with you.
1-4 – Put the shoulder straps on your shoulders while holding the baby.
1-5 - Fasten the buckles of the H-strap.
1-6 – Tighten the belts so that the carrier is snug to your body.
1-7 – Make sure the baby is comfortably positioned in the carrier.
1-8 – The carrier is ready for use.

2. PLACING THE CHILD IN THE CARRIER IN FACING OUT POSITION

(baby's back is facing adult's chest)

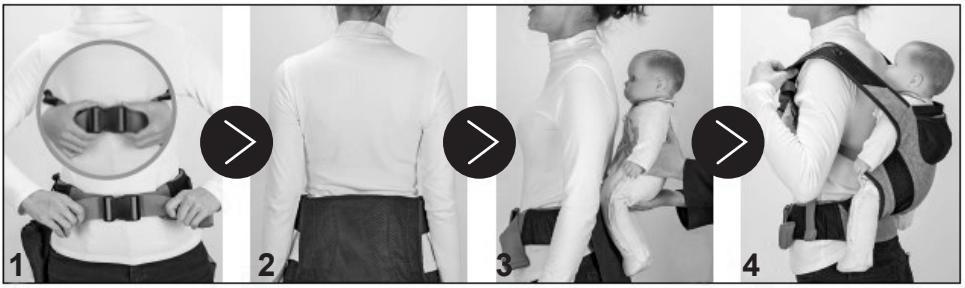

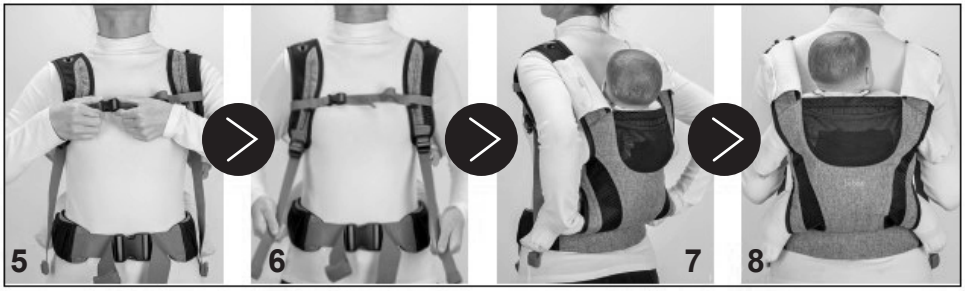

2-1 – Fasten the buckle. Pull the belt in order to tighten the carrier to your waist.
2-2 – Turn the carrier to the front of your body.
2-3 – Gently put the baby in the carrier facing outwards.
2-4 – Put the shoulder straps on your shoulders while holding the baby.
2-5 – Fasten the buckles of the H-strap.
2-6 – Tighten the belts so that the carrier is snug to your body.
2-7 – Make sure the baby is comfortably positioned in the carrier.
2-8 – The carrier is ready for use.

3. PLACING THE CHILD IN THE CARRIER IN BACK CARRYING POSITION

WARNING! WHEN PUTTING THE CHILD IN THE CARRIER IN A BACK CARRYING MODE, YOU NEED AN ASSISTANT TO HELP YOU!

3-1 – Fasten the buckle. Pull the belt in order to tighten the carrier to your waist.
3-2 – Turn the carrier to your back.
3-3 – Use the help of your assistant to place the baby in the carrier. Make sure the baby has enough space to breath.
3-4 – Place the shoulder straps on your shoulders while your assistant holds the baby all the time.
3-5 – Fasten the buckles of the H-strap.
3-6 – Tighten the belts so that the carrier is snug to your body.
3-7 – Make sure the baby is comfortably positioned in the carrier.
3-8 – The carrier is ready for use.

CARE AND MAINTENANCE GUIDELINES

- The seat and plastic parts must be cleaned with soft detergent and damp cloth.
- Do not clean with aggressive detergents, containing abrasive parts, ammonia, bleach or spirit.
- You can hand or machine wash the belts at temperature up to 30°C. Follow the washing label on the product.
- Do not tumble dry! Do not iron!
- Always let the product dry fully before storing or using it. If the product is stored wet, this can cause mold.
- Store the product in a clean and dry place. Do not expose directly to environment factors - sunlight, rain, moisture or harsh temperature amplitudes!

Used materials: textile and plastic
